What's New?

- We have been expanding our inventory to stock more wire and filter options. Additional Bedra products and low cost filters are now available.
- We are currently testing a new portable EDM Tap Burning / Drilling Machine in our show room. Info will be sent out shortly on this.
- We have both our Fanuc 1iE wire machine and Yougar YGS-43C CNC hole driller on the floor. Contact us to schedule a test cut or in person machine demo.
